

Warehouse Associate

Join the company that has been recognized as one of the Best Managed Companies in Canada, a designation that symbolizes exceptional ability and aptitude in all areas of management and business practices.

Daltco Electric is eastern Ontario's largest locally owned electrical, lighting and automation distributor.

At Daltco, we are focused on our people – people with an energy for the industry and an eagerness to learn. Our goal is to attract and retain exceptional individuals and provide them with opportunities for continual growth and promotion. Daltco strives to create a family-like environment for its employees and is committed to developing and promoting existing employees.

We are currently looking for a **Warehouse Associate** for our **Kingston branch**.

Skills and Experience:

- Minimum Grade 12 education, electrical background or post-secondary education in a related Electrical Engineering Technician/Technologist program considered an asset
- Computer literacy with the ability to learn new software programs
- Previous experience in warehouse operations including shipping/receiving is an asset
- Basic math and English skills are required
- Eager to learn with a team player approach to tasks
- Ability to work and keep pace in a fast pace environment
- Attention to detail, organized and focused
- Fork truck experience would be considered an asset

Daltco Electric is founded on the principle that employees are valued and acknowledged for their contribution to the team. As a family run business Daltco's commitment to its employees has created a culture where staff are empowered and engaged
