

Valued customers,

April 6<sup>th</sup>, 2020.

In an ongoing effort to update our customer base since our March 20th, 2020 letter, Daltco Electric continues to be **open**, as we are deemed an **essential service** by the Ontario Government.

As a business we are serving customers in the following fields: health care, power generation, local utilities, manufacturing plus others that are helping our local communities get through this challenging time. While many construction sites in Eastern Ontario have temporarily closed, we will continue to support the customers that are open.

We are able to accept orders for future delivery, to ensure that delays do not occur once the restrictions are lifted. Please, let us know how we can help.

We thank you for your patience and understanding as we move through this difficult time.

Regards

Peter Dalton and the team at Daltco Electric.
